Kindermusik is a classroom learning experience. We teach children music so they can become better learners. It's not about making little Mozarts. It's about developing skills in the whole child - age newborn to 7 years - cognitive, physical, social, emotional, language and musical. For more than 25 years, we have believed music is the best conductor for learning.

Every Kindermusik semester comes with a set of *At Home Materials*. Each includes a book, CD, age appropriate instrument, and activity book or journal. The classroom learning continues at home when you set aside time each day with your child to read, do unique, creative activities, or listen to music - all using the *At Home Materials*.
